SECTION I: PROGRAM INFORMATION

List of Programs

List each program for an initial teaching credential below and indicate whether it is offered at the Undergraduate level (UG), Postgraduate level (PG), or both. (§205(a)(C))

THIS PAGE INCLUDES:

>> List of Programs

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

• Teacher Preparation Program

List of Programs

Note: This section is preloaded with the list of programs reported in the prior year's IPRC.

CIP Code	Teacher Preparation Programs	UG, PG, or Both	Update
13.1202	Elementary Education	Both	
13.1	Special Education	Both	
13.1322	Teacher Education - Biology	Both	
13.1303	Teacher Education - Business	Both	
13.1323	Teacher Education - Chemistry	Both	
13.1324	Teacher Education - Drama and Dance	Both	
13.14	Teacher Education - English as a Second Language	Both	
13.1305	Teacher Education - English/Language Arts	Both	
13.1307	Teacher Education - Health	Both	
13.1328	Teacher Education - History	Both	
13.1311	Teacher Education - Mathematics	Both	
13.1312	Teacher Education - Music	Both	
13.1314	Teacher Education - Physical Education and Coaching	Both	
13.1329	Teacher Education - Physics	Both	
13.1331	Teacher Education - Speech	Both	

Total number of teacher preparation programs:

Program Requirements

Check the elements required for admission (entry) into and completion (exit) from the program. If programs are offered at the undergraduate level and postgraduate level, complete the table for both types of programs. (§205(a)(1)(C)(i))

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- Full-time equivalent faculty supervising clinical experience
- Adjunct faculty supervising clinical experience
- Cooperating Teachers/PreK-12 Staff Supervising Clinical Experience
- Supervised clinical experience

THIS PAGE INCLUDES:

- >> <u>Undergraduate Requirements</u>
- >> Postgraduate Requirements
- >> Supervised Clinical Experience

Undergraduate Requirements

Note: This section is preloaded from the prior year's IPRC.

- 1. Are there initial teacher certification programs at the undergraduate level?
 - Yes
 - No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or <u>clear responses already entered</u>) then click save at the bottom of the page.

4.	Please provide any additional information about the information provided	above:			
No	Supervised Clinical Experience Note: The clinical experience requirements in this section are preloaded from the prior year's IPRC. Teacher preparation providers will enter the number of				
participants each year. Provide the following information about supervised clinical experience in 2023-24. (§205(a)(1)(C)(iii), §205(a)(1)(C)(iv))					
	Are there programs with student teaching models?				
	Yes No If yes, provide the next two responses. If no, leave them blank.				
F	Programs with student teaching models (most traditional programs)				
	Number of clock hours of supervised clinical experience required prior o student teaching	140			
١	lumber of clock hours required for student teaching	525			
	Are there programs in which candidates are the teacher of record? Yes No If yes, provide the next two responses. If no, leave them blank.				

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)

to teaching as the teacher of record in a classroom	
Years required of teaching as the teacher of record in a classroom	
All Programs	
Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)	2
Optional tool for automatically calculating full-time equivalent faculty in the system	
Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)	3
Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year	18

Please provide any additional information about or descriptions of the supervised clinical experiences:

Number of clock hours of supervised clinical experience required prior

Number of students in supervised clinical experience during this

academic year

The clinical experience provides the culminating fifteen-week, semester-long experience of all who are seeking licensure from the Tennessee Department of Education. Enhanced student teaching consists of full-day classroom observation and practice teaching in two different school settings in order to provide a variety of experiences and opportunities for the teacher education candidate. Although there is an alternative program where candidates serve as the teacher of record, it is not an option for traditional undergraduate students. Any data related to the alternative program where candidates serve as Teacher of Record is listed on the ALT-IHE Based report

9

Enrollment and Program Completers

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

(§205(a)(1)(C)(ii))

Key terms in this section are listed below. Click on	the link to view the definition(s) in
the glossary.	

- Enrolled Student
- Program Completer

THIS PAGE INCLUDES:

>> Enrollment and Program Completers

Enrollment and Program Completers

Two or more races	1	0

Race/Ethnicity	Total Enrolled	Subset of Program Completers
No Race/Ethnicity Reported	0	0

SECTION I: PROGRAM INFORMATION

Teachers Prepared

On this page, enter the number of program completers by the subject area in which they were prepared to teach, and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly, if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Academic Major

THIS PAGE INCLUDES:

- >> Teachers Prepared by Subject Area
- >> Teachers Prepared by Academic Major

Teachers Prepared by Subject Area

Please provide the number of teachers prepared by subject area for academic year 2023-24.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank. (§205(b)(1)(H))

What are CIP Codes?

No teachers prepared in academic year 2023-24

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55).

13.14	Teacher Education - English as a Second Language	4
13.99	Education - Other Specify:	0

Teachers Prepared by Academic Major

Please provide the number of teachers prepared by academic major for academic year 2023-24. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education—Chemistry" category.

What are CIP Codes?

Does this teacher preparation provider grant degrees upon completion of its programs?

• Yes No

No teachers prepared in academic year 2023-24

If this provider does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or **clear responses already entered**).

CIP Code	Academic Major	Number Prepared
13.10	Teacher Education - Special Education	2

Program Assurances

Respond to the following assurances. Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances. (§205(a)(1)(A)(iii); §206(b))

	LUDES:

>> Program Assurances

Program Assurances
Note: This section is preloaded from the prior year's IPRC.
1. Program preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.
• Yes • No
2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.
Yes No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.
• Yes
No Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities.
Yes No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.
Yes No
6. Prospective general education teachers are prepared to provide instruction to students from low-income families.
Yes No
7. Prospective teachers are prepared to effectively teach in urban and rural schools, as applicable.
Yes No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

All candidates are required to take course work that addresses the diverse learner needs. Furthermore, there are specific assignments in each course that are assessed to measure candidates growth in the area of diverse leaner needs. Field experience experience is required in diverse settings.

Annual Goals: Mathematics

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

Quantifiable Goals

THIS PAGE INCLUDES:

- >> Report Progress on Last Year's Goal (2023-24)
- >> Review Current Year's Goal (2024-25)
- >> Set Next Year's Goal (2025-26)

Report Progress on	Last Year's	Goal (2023-24)
--------------------	-------------	----------------

1. Did your program prepare teachers in mathematics in 2023-24?

If no, leave remaining questions for 2023-24 blank (or <u>clear responses already entered</u>).

Yes

No

2. Describe your goal.

3. Did your program meet the goal?

Yes No

4. Description of strategies used to achieve goal, if applicable:

5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:

6. Provide any additional comments, exceptions and explanations below:

Review Current Year's Goal (2024-25)

i. is your	program preparm	ig teachers in mathem	aucs III 2024-25? II II	io, leave the next q	destion blank.
Yes					

8. Describe your goal.

Admissions counselors will continue efforts at actively recruiting education candidates and inform them of the high demand for P-12 math teachers. Continuation of partnerships with districts to meet high demand areas in an effort to supply a pipeline of candidates to teach in high demand areas. Continued use and development of diversity plan which addresses the recruitment of diverse candidates in high demand areas.

Set Next Year's Goal (2025-26)

9. Will your program prepare teachers in mathematics in 2025-26? If no, leave the next question blank.

Yes No

10. Describe your goal.

Admissions counselors will continue efforts at actively recruiting education candidates and inform them of the high demand for P-12 math teachers. Continuation of partnerships with districts to meet high demand areas in an effort to supply a pipeline of candidates to teach in high demand areas. Continued use and development of diversity plan which addresses the recruitment of diverse candidates in high demand areas.

Annual Goals: Science

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route teacher preparation program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students.

(§205(a)(1) (A)(i), §205(a)(1)(A)(ii), §206(a))

Note: Last year's goal and the current year's goal are preloaded from the prior year's IPRC.

8. Describe your goal. The goal to dually certify candidates in ESL/ELEM and ESL/SPED in 2024-2025 is on track and in progress.
Set Next Year's Goal (2025-26)
Set Next Year's Goal (2025-26) 9. Will your program prepare teachers in instruction of limited English proficient students in 2025-26? If no, leave the next question blank. • Yes No
9. Will your program prepare teachers in instruction of limited English proficient students in 2025-26? If no, leave the next question blank. Yes

6. Provide any additional comments, exceptions and explanations below:

Assessment Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

Summary Pass Rates

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact RTI's Title II Support Center and your testing company representative.

✓ Other specify:

SACS

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

Yes

No

SECTIO	NI	OF TECHNOLOGY	/
SECTIO	N V. USE	OF TECHNOLOGI	

Use of Technology

On this page, review the questions regarding your program's use of technology, and update as needed.

Note: This section is preloaded from the prior year's IPRC.

TH	IS PAGE INCLUDES:	
>>	Use of Technology	

Use of Technology

1.	Provide the following information about the use of technology in your teacher preparation program.	Please note that choosing	'yes'	indicates that
	your teacher preparation program would be able to provide evidence upon request. (§205(a)(1)(F))			

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Yes
- b. use technology effectively to collect data to improve teaching and learning
 - Yes
- c. use technology effectively to manage data to improve teaching and learning
 - Yes No
- d. use technology effectively to analyze data to improve teaching and learning
 - Yes
- 2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

The EPP utilizes Livetext (Watermark) as the data warehouse for all the School of Education assessments. There are EPP forms that are disseminated to all candidates through the Livetext (Watermark) system as online survey tools. These data are aggregated into data sets by semester and shared out at a data focused faculty meeting along with other program specific data. Each program coordinator is responsible for overseeing the completion of assessments by faculty and adjuncts who teach within that program. Adjunct faculty meetings and one on one training in Livetext (Watermark) have been completed both in the fall and spring semesters to ensure the completion of assessments. The Data Analysis Consultant continues to oversee the collection of data and shares data during faculty meetings. During this time, there is a discussion of the process, updates on any missing data, rich discussion concerning the analysis of the information. Further, the Consultant shares reports from Livetext (Watermark) to update faculty on EPP wide assessments including disposition to discover trends. This information is shared with adjunct faculty and stake holders during bi-annual advisory and adjunct meetings. All assessments are re-evaluated for validity and reliability as overseen by the Data Consultant. While the assessments are based on the Tennessee Educator Accelerated Model for teacher evaluation across the state, continued school partner meetings are used to provide continued feedback for relevancy. Further, the Tennessee state Trevecca Report Card provides valid, reliable data feedback on the impact of completers as well as admissions, retention, completer and employer feedback. The EPP prepares teachers to integrate technology effectively into curricula and instruction by: 1) Utilize Email—Students will use an email account as part of course communication activities. 2) Use the Internet—Students will use the Internet on a weekly basis for course related assignments, materials, and resources. 3) Implement Microsoft Office appl

a teaching idea 6) Evaluate Web Quests—Students will evaluate a Web Quest that could be used in the classroom 7) Research lessons for SmartBoard 8) Build Webpages—Students will produce a teacher webpage with links to class calendar, student assignments, and other resources 9) Apply Web 2.0 Tools – Students will explore the use of a variety of tools for classroom use 10) Investigate IPad applications for student learning and for teacher productivity 11) Create a Virtual Field Trip – Students will make a grade/age appropriate field trip for classroom instruction 12) Complete a Technology Project explaining and demonstrating an assigned technology 13) Many courses are taught on-line or through the usage of hybrid instruction. The candidates are trained to utilize the on-line program Black Board

SECTION VI: TEACHER TRAINING

Teacher Training

Provide the following information about your teacher preparation program.

>> Teacher Training

Teacher Training

- 1. Provide a description of the activities that prepare general education teachers to:
 - a. Teach students with disabilities effectively

Upon completion of the EPP, general education teachers are able to: 1. Develop a teaching philosophy that reflects appropriate attitudes toward students with disabilities and their inclusion in regular education (INTASC #2, 9; CEC #1) 2. Review state and federal laws/legislation impacting the education of students with disabilities (INTASC #1; CEC #1) 3. Identify and discuss multicultural aspects resulting in over representation of minority or culturally diverse populations in special education classes (INTASC #3; CEC #1) 4. Summarize the collaborative roles of special education teachers, regular education teachers, related service providers, and parents impacting effective inclusion (INTASC #10; CEC #10) 5. Discuss the role of educational assistants in the delivery of educational programs to students with disabilities (INTASC #10; CEC #10) 6. List the definition, prevalence, identification, and characteristics of students with disabilities in the classroom (INTASC #3; CEC #2, 3) 7. Create a file of special education strategies found to be effective with students with disabilities (INTASC #4, 7; CEC #3, 4, 7) 8. Identify effective strategies used to adapt selected curriculum materials (INTASC #5, 7; CEC #3, 5, 7) 9. Discuss strategies for socially integrating students with disabilities in the regular classroom (INTASC #5, 7; CEC #3, 5, 7) 10. Discuss strategies for meeting the needs of students with disabilities and their families (INTASC #10; CEC #10) 11. Identify major organizations and advocacy groups supportive of students with disabilities (INTASC #10; CEC #10)

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

During the Student Teaching experience, general education candidates have opportunities to participate as an observer in an individualized education program team. Some of these responsibilities include but are not limited to: A demonstration of knowledge of state and federal laws/legislation impacting the education of students with disabilities (INTASC #1; CEC #1) Sharing of special education strategies found to be effective with students with disabilities (INTASC #4, 7; CEC #3, 4, 7) Discussion of effective strategies used to adapt selected curriculum materials (INTASC #5, 7; CEC #3, 5, 7) Discussion strategies for socially integrating students with disabilities in the regular classroom (INTASC #5, 7; CEC #3, 5, 7) Discussion of strategies for meeting the needs of students with disabilities and their families (INTASC #10; CEC #10) Identification of major organizations and advocacy groups supportive of students with disabilities (INTASC #10; CEC #10)

c. Effectively teach students who are limited English proficient.

General education candiates take the following courses that prepare them to effectively teach student who are limited English proficient: ESL 2010 Trends, Models, and Methods of ESL Instruction (3 credit hours) This course examines the currently used models of ESL instruction from a variety of school boards and regions from across the country. Students are expected to not only understand the differences in models and methods but to also understand the implications for effective language learning. The course includes 10 hours of field experience in ESL classrooms, which must include a PreK-5 setting. ESL 3010 Methods of Assessment and Evaluation for ESL (3 credit hours) This course examines the differences between language proficiency assessment for placing and evaluation of language demonstration and use. Candidates are expected to understand the various methods of assessment and evaluation for ESL instructors as well as create samples of assessment and evaluation strategies. ESL 3150 English Acquisition (3 credit hours) Current approaches, methodologies, techniques, and materials for teaching English language learners primarily in K-12 setting. Designed to provide theoretical and practical experience in language acquisition. Course includes 10 hours of field experience in ESL classrooms, which must include a 6-12 setting. ESL 4010 Linguistics for Teachers of ESL (3 credit hours) This course includes the study of language transfer issues for ESL students and the examination of both the oral and written domains to provide appropriate instructional scaffolding. A descriptive linguistics course, including a focus on understanding phonologic, syntactic, semantic, and pragmatic aspects of language as they apply to an understanding of any ESL student's native language, significance is also given to sociolinguistic and psycholinguistic aspects of language learning. This is a research course. SOC 3270 Education in an Urban Culture (3 credit hours) Provides an overview of the diverse educational needs,

challenges, opportunities, and rewards that teachers encounter as they seek to effectively meet the needs of learners in urban schools. Students will explore the history of public schools in urban areas, the characteristics of the urban child, as well as effective teaching strategies for working with students who are identified as "at risk" as well as English Second Language (ESL) students. This course will address the competencies, tools, and instructional strategies to effectively create positive classroom environments and assist in student achievement. Course includes a 10-hour field experience in a low socioeconomic, ethnically/racially diverse, preferably ESL setting. EDU 2350 Elementary Curriculum and Instruction (3 credit hours) This course focuses on effective instructional methods and curriculum models for K-5 teachers. Best practices in creating diverse, enthusiastic learning environments and writing lesson plans are explored to meet the needs of ALL students, including but not limited to "at risk" and English Second Language (ESL) students. Using data to inform instruction is addressed as part of the planning component. A 20-hour field experience is required in diverse school settings, specifically with ESL students. EDU 4130 Reading and Writing (3 credit hours) The course focuses on the integration of reading and writing instruction throughout the K-5 curriculum. Emphasis is placed on the objectives, developmental skills, materials, techniques, and the processes of assessing, diagnosing, and correcting reading and writing skills. Instruction includes a holistic view of literacy development. A clinical field experience of 20 hours in both diagnosis and remediation in an elementary school is required. At least 10 hours must be completed in an ESL classroom setting. Prerequisites: EDU 3556, EDU 2350, PSY 2500, and admission to the Teacher Education Program.

- 2. Does your program prepare special education teachers?
 - Yes
 - No

If yes, provide a description of the activities that prepare special education teachers to:

a. Teach students with disabilities effectively

Upon completion of the EPP, special education teachers are able to: 1. Demonstrate knowledge of federal and state law pertaining to eligibility, IEP development, transitional processes and graduation requirements for adolescents with mild to moderate disabilities (CEC/TN #1, 7, 8, 10; INTASC #1) 2. Demonstrate collaborative skills required and discuss the roles of the student, outside agencies, school professionals, and family in the program development and decision making for a student with mild to moderate disabilities (CEC/TN #1, 7, 8, 10; INTASC #)6, 8, 10) 3. Demonstrate knowledge about standards, curricula, accommodations/modifications and instructional practices used in the development of appropriate IEPs meeting student needs as determined by both formal and informal assessment (CEC/TN #4, 8; INTASC #1, 2, 3, 6, 7, 8) 4. Collect research based and instructional strategies and learning strategies in the area of communication, language, reading, math, social skills, and vocational skills for youth with mild or moderate disabilities (CEC/TN #3, 4, 5, 6; INTASC #3, 4, 6) 5. Review and discuss current trends and issues for education of students with mild to moderate disabilities including transition, ESL, scheduling, exit testing and graduation requirements (CEC/TN #6, 8, 9, 10; INTASC #1, 9, 10, 11) 6. Examine the effectiveness of various class routines, physical arrangement, technology, and group size for positive instruction of youth with mild to moderate disabilities (CEC/TN #3, 5; INTASC #5, 8, 9, 10) 7. Review current methods for augmentative, alternative, and assistive technologies to support communication used in daily living, secondary, and post secondary educaiton! settings (CEC/TN #; INTASC .2, 6.3, 7.2, 7.4, 9.1; INTASC #2, 3, 6, 10)

b. Participate as a member of individualized education program teams, as defined in section 614(d)(1)(B) of the *Individuals with Disabilities Education Act*.

During the Student Teaching experience, special education candidates have opportunities to participate in an individualized education program team. Some of these responsibilities include but are not limited to: A demonstration of knowledge of federal and state law pertaining to eligibility, IEP development, transitional processes and graduation requirements for adolescents with mild to moderate disabilities (CEC/TN #1, 7, 8, 10; INTASC #1) Collaboration during discussions concerning the roles of the student, outside agencies, school professionals, and family in the program development and decision making for a student with mild to moderate disabilities (CEC/TN #1, 7, 8, 10; INTASC #)6, 8, 10) A demonstration of knowledge about standards, curricula, accommodations/modifications and instructional practices used in the development of appropriate IEPs meeting student needs as determined by both formal and informal assessment (CEC/TN #4, 8; INTASC #1, 2, 3, 6, 7, 8)

c. Effectively teach students who are limited English proficient.

Special education candiates take the following courses that prepare them to effectively teach student who are limited English proficient: ESL 2010 Trends, Models, and Methods of ESL Instruction (3 credit hours) This course examines the currently used models of ESL instruction from a variety of school boards and regions from across the country. Students are expected to not only understand the differences in models and methods but to also understand the implications for effective language learning. The course includes 10 hours of field experience in ESL classrooms, which must include a PreK-5 setting. ESL 3010 Methods of Assessment and Evaluation for ESL (3 credit hours) This course examines the differences between language proficiency assessment for placing and evaluation of language demonstration and use. Candidates are expected to understand the various methods of assessment and evaluation for ESL instructors as well as create samples of assessment and evaluation strategies. ESL 3150 English Acquisition (3 credit hours) Current approaches, methodologies, techniques, and materials for teaching English language learners primarily in K-12 setting.

Designed to provide theoretical and practical experience in language acquisition. Course includes 10 hours of field experience in ESL classrooms, which must include a 6-12 setting. ESL 4010 Linguistics for Teachers of ESL (3 credit hours) This course includes the study of language transfer issues for ESL students and the examination of both the oral and written domains to provide appropriate instructional scaffolding. A descriptive linguistics course, including a focus on understanding phonologic, syntactic, semantic, and pragmatic aspects of language as they apply to an understanding of any ESL student's native language, significance is also given to sociolinguistic and psycholinguistic aspects of language learning. This is a research course. SOC 3270 Education in an Urban Culture (3 credit hours) Provides an overview of the diverse educational needs, challenges, opportunities, and rewards that teachers encounter as they seek to effectively meet the needs of learners in urban schools. Students will explore the history of public schools in urban areas, the characteristics of the urban child, as well as effective teaching strategies for working with students who are identified as "at risk" as well as English Second Language (ESL) students. This course will address the competencies, tools, and instructional strategies to effectively create positive classroom environments and assist in student achievement. Course includes a 10-hour field experience in a low socioeconomic, ethnically/racially diverse, preferably ESL setting. EDU 2350 Elementary Curriculum and Instruction (3 credit hours) This course focuses on effective instructional methods and curriculum models for K-5 teachers. Best practices in creating diverse, enthusiastic learning environments and writing lesson plans are explored to meet the needs of ALL students, including but not limited to "at risk" and English Second Language (ESL) students. Using data to inform instruction is addressed as part of the planning component. A 20-hour field experience is required in diverse school settings, specifically with ESL students. EDU 4130 Reading and Writing (3 credit hours) The course focuses on the integration of reading and writing instruction throughout the K-5 curriculum. Emphasis is placed on the objectives, developmental skills, materials, techniques, and the processes of assessing, diagnosing, and correcting reading and writing skills. Instruction includes a holistic view of literacy development. A clinical field experience of 20 hours in both diagnosis and remediation in an elementary school is required. At least 10 hours must be completed in an ESL classroom setting. Prerequisites: EDU 3556, EDU 2350, PSY 2500, and admission to the Teacher Education Program.

Contextual Information

On this page, review the contextual information about your program, and update as needed.

Note: This section is preloaded from the prior year's IPRC.

THIS PAGE INCLUDES:

>> Contextual Information

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Upon the completion of our program, our candidates will be able to: • prepare appropriate lesson plans for each teaching assignment • manage the interaction of students within their teaching assignment • observe student actions and recognize student diversity to obtain needed data for the planning and instructional process • present skills necessary for writing well-stated curricular aims • plan lessons that achieve stated curricular aims for all students • identify appropriate teaching concepts and thinking skills • select meaningful assessment and evaluative tools • model acceptable verbal and nonverbal communication skills • project motivation techniques that lead to intrinsic and extrinsic perspectives • adapt instruction to address the topics of reinforcement and questioning • identify commonly known practices of teacher leadership and models for student discipline • model professional propriety needed in dealing with confidential student, faculty, or administrative information • manage classroom behavior in order to provide effective instruction for their students - Trevecca's graduates are highly sought after for teaching assignments throughtout the State of Tennessee - Trevecca is proud to be a faith-based institution that supports the whole teacher candidate. The teacher prep program addresses the emotional, social, physical, and intellectual well-being of each future teacher.

Supporting Files

No files have been provided.

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

Report Card Certification

Please make sure your entire report card is complete and accurate before completing this section. Once your report card is certified you will not be able to edit your data.

Certification of submission

I certify that, to the best of my knowledge, the information in this report is accurate and complete and conforms to the definitions and instructions used in the
in the Higher Education Opportunity Act, Title II: Reporting Reference and User Manual.
